

Easy-to-use, versatile,
low-cost, hand-held applicator.

DOT SHOT PRO

Incredibly portable and convenient to use, the Dot Shot® Pro hand-held applicator was engineered to make manual application of Glue Dots® Brand Adhesives efficient, easy and affordable. Virtually maintenance free, the Dot Shot Pro requires no electricity or heat, allowing it to seamlessly integrate into any production process and work environment.

Impervious to complications that plague competitive applicators, such as adhesive build-up on triggered tape guns, the refillable Dot Shot Pro is a reliable applicator that is designed for superior performance and operation. The Dot Shot Pro features include:

- Lightweight and portable, integrating into any environment
- Comfortable for prolonged hand-held use
- Clear cover enables operator to know when to reload
- Compatible with an extensive selection of adhesives
- Impact-resistant polycarbonate construction
- Minimal training required, easy to use and reload
- Used adhesive liner stores inside the applicator
- Extended nose for precise adhesive application

The Dot Shot Pro hand-held applicator is compatible with Standard, Custom, MatrX® and Stitch Glue Dots adhesive patterns, providing the right adhesive solution for virtually any application challenge.

Ideal for contract packaging, gift basket assembly and material handling, as well as printing, direct mail and fulfillment operations, the affordable Dot Shot Pro hand-held adhesive applicator and Glue Dots Brand Adhesives are a popular alternative to double-sided tapes, liquid glues and hot melts. Glue Dots products are a preferred solution when other adhesives prove to be messy, ineffective or too difficult to use.

Dot Shot Pro Applications

Packaging

Secure product orientation, attach samples prior to packaging/shrink wrapping and create multi-packs

Food & Beverage

Repack or repair hot melt failures & reverse logistics

Printing, Post-Press & Mail

Attach promotional items & gift cards, close brochures or use as an alternative to wafer seal

DOT SHOT[®] PRO

The right adhesive solution for your application.

Established in 1997, Glue Dots International (GDI) forever altered the adhesive industry when it launched the unprecedented, pressure-sensitive, preformed adhesives product line globally known today as Glue Dots[®].

With the most pressure-sensitive adhesive pattern experience in the industry, GDI can help you find the right adhesive solution to meet your specific needs.

Our experienced account managers and engineers are available to provide adhesive recommendations based upon your application. Sample adhesives may be supplied for testing.
